What happens at START Stockholm?

Reception

Children and guardians meet with an administrator who informs you about the right to study. You also receive information about the Swedish school system. The administrator will also ask you about your child's school background. Interpreters are available to give you support at all meetings.

Pre-school placement

START Stockholm will help you apply for pre-school.

School placement

START Stockholm finds a school place within a month. Requests of certain schools are taken into account but are not guaranteed.

What do you need to bring with you?

- Identification for you and your child
- Residence permit, asylum application receipt, or LMA card for you and your child

Information in Swedish on the website:

socialtstod.stockholm/nyanlanda/forskola-och-skola

The City of Stockholm's definition of a newly arrived student:

"A newly arrived student is a student who came to Sweden after July 1 the year when the pupil was to start preschool class and that has attended less than 4 years in Swedish school."
