

Translation of a letter in which we ask you to answer some questions

You have received a letter from the City of Stockholm, from the municipality's scheme to ensure gainful activity (*kommunens aktivitetsansvar, KAA*). This document is a translation of that letter.

Are you not going to school? No upper secondary school diploma? We can help you get on in life!

Hi,

We have been made aware that you are not attending an upper secondary school or that you have no upper secondary school diploma. At Jobbtorg Stockholm, we offer support and guidance to young people who have no upper secondary school diploma. We can help you get into studies, a work placement or a job. We also offer various kinds of creative and health-related activities, individually or in groups, if you need more time to think about what you want to do in the future. You can find more information about the support we offer in a video at ung.stockholm/kaa.

We'd like to know if you want our support, which is free of charge. We're asking you to answer a couple of questions about your situation. Scan the QR code or go to ung.stockholm/kaa to answer the questions. We'd really like to have your answers as soon as possible.

You can also fill in the enclosed response form; take a photo of it and send the picture to us as a text message. You can also put the completed form in the reply envelope and post it to us. The postage is already paid. If you don't answer at all, we'll continue to contact you to offer support.

You can answer the questions via this link:

Why are you receiving this letter?

Everyone who is under the age of 20, is not attending upper secondary school or has no upper secondary school diploma, is covered by the municipality's scheme to ensure gainful activity (*kommunens aktivitetsansvar, KAA*) (Chapter 29, Section 9 of the Swedish Education Act). This means that the City of Stockholm has a responsibility to make contact with you and offer you support, so that you can find gainful employment. Read more at: ung.stockholm/kaa
